Little Red Riding Hood:

a fairy tale in the English language

or

Ladle Rat Rotten Hut:

a furry tell Indo-Anguish languish

Heresy ladle furry starry toiling udder warts--warts welcher altar girdle deferent firmer once inner regional virgin. This sentence means: "Here is a little fairy story told in other words--words which are altogether different from the ones in the original version." ---Howard L. Chace

for Concert Band and Narrator

I would like to acknowledge the use of several familiar tunes in this composition, all tunes associated with either wolves, going through the woods, or simply being out of doors.

My deep appreciation goes to Howard L. Chace for having invented, in 1956, the Anguish languish. I would also like to mention that without the help of my late mother, Dr. Marian W. Kies, who sent me a letter in 1987 with a magazine cutout of this story (which remained lost in a stack of papers for 20 years) I might never have heard of the story of Ladle Rat Rotten Hut, and that would have been very sad! ---composer

N.B.: please note that there are two versions of the text. The alternate version, in English*, is provided in the following pages. It is recommended that this version, with its optional “happy ending”, be used when performing this piece for audiences too young to appreciate the subtleties of the Anguish languish. *Come to think of it, other languages would serve just as well as English to tell this story!
